Explain:

On the outside I had problems with people that are now USO Family I had led to some of their arrests. As a result I had my knee mangled at OCC by three of them. At Halaawa I have been assaulted and threatened at Module C. My right elbow has a possible bone chip as a result. Some of the people are Brooks, George Khoo, Elikers, Tremble, Koa Andaya, Reed brothers, Koa Richard Rosario, Kolani Parks, Billy Naka and there are others. I have been labeled a rat, snitch and now here at the Special Holding where the rooms that are around my room are filled with the USO gang members and they know my name and certain aspects about my situation so I am bothered by their remarks and taunts. IF you need more on my situation contact but I do not want to speak to you in my cell so please arrange to meet me in the interview room or some other place that is confidential.
They never did have this MEETING!
